### MEDICAL SCIENCES

American Academy of Pediatrics gives access to the 5 leading journals covering all areas of healthcare for children.

1. Pediatrics <http://pediatrics.aappublications.org/search.dtl>
2. Pediatrics in Reviews <http://pedsinreview.aappublications.org/>
3. Neoreviews <http://neoreviews.aappublications.org/>
4. AAP Grand Rounds <http://aapgrandrounds.aappublications.org/>
5. AAP News <http://aapnews.aappublications.org/>

CHEST [www.chestjournal.org](http://www.chestjournal.org)

It's the official publication of the American College of Chest Physicians covering the multidisciplinary specialties of chest medicine, such as pulmonology, cardiorespiratory interactions, critical care, thoracic surgery, transplantation, sleep and breathing disease.

JASN/Journal of The American Society of Nephrology <http://jasn.asnjournals.org/>

It's the premier journal of The American Society of Nephrology and the leading kidney journal in the world.

CJASN/Clinical Journal of the American Society of Nephrology <http://cjasn.asnjournals.org/>

It's a highly credible resource for breaking clinical nephrology studies.

PNAS, Proceedings of The National Academy of Sciences of the United States of America [www.pnas.org](http://www.pnas.org)

One of the world's most-cited multidisciplinary scientific serials. Coverage in PNAS spans the biological, physical, and social sciences.

The Journal of Cell Biology (JCB) <http://jcb.rupress.org/>

It covers topics in cell biological research.

The Journal of Experimental Medicine (JEM) <http://jem.rupress.org/>

Areas covered include, but are not limited to immunology, infectious disease, inflammation, microbial pathogenesis, cancer biology, stem cell biology, vascular biology.

The Journal of General Physiology (JGP) <http://jgp.rupress.org/>

The mission of JGP is to publish articles that elucidate important biological, chemical, or physical mechanisms of broad physiological significance.

Royal Society of Medicine Press <http://rsmjournals.com/>

The 24 journals of Royal Society of Medicine Press cover a wide range of topics from sexual health and tropical medicine, to telemedicine and medical screening, to clinical biochemistry, ethics in medicine just to mention some of them.

## EARTH SCIENCES AND GEOLOGY

GSA Bulletin [www.gsabulletin.gsapubs.org](http://www.gsabulletin.gsapubs.org)

Topics cover the entire range of the earth sciences. Archives are also available online from 1945 to present.

Geology [www.geology.gsapubs.org](http://www.geology.gsapubs.org)

published since 1973, its articles cover all earth-science disciplines and include new investigations.

Geosphere [www.geosphere.gsapubs.org](http://www.geosphere.gsapubs.org)

this peer-reviewed e-journal covers all geoscience disciplines in a medium that accommodates animations, sound, and movie files.

Lithosphere [www.lithosphere.gsapubs.org](http://www.lithosphere.gsapubs.org)

a peer-reviewed journal launched in 2009, focuses on tectonic processes at all scales that affect the crust and upper mantle, from the surface to the base of the lithosphere.

The Lyell Collection <http://www.lyellcollection.org/>

It's one of the largest integrated collections of online Earth science literature available and includes:

- Journal of the Geological Society, full-text archives back to 1845
- Quarterly Journal of Engineering Geology and Hydrogeology available from its launch year in 1967
- Geochemistry: Exploration, Environment, Analysis
- Transactions of the Geological Society of London (1811-1856)
- Special Publications
- Engineering Geology Special Publications
- Memoirs

## PHYSICAL AND BIOLOGICAL SCIENCES

Royal Society Journals <http://royalsocietypublishing.org/site/subscriptions/trials/B-on.xhtml>

The 8 journals of Royal Society cover the Biological, Physical, Mathematical, Engineering sciences.
